## CAPTRUST Education and Focus Topic Webinars for 2025

Continuing education is provided by the 4A's Retirement Trust through quarterly webinars with CAPTRUST, the Retirement Trust's independent investment advisor.

Included in each webinar will be basic training in the areas of investments – specific to the fund array available to plan participants. These webinars are designed to be educational and informative to new hires as well as long-time employees. Each quarter, there will be a different topic of interest depending on market conditions and outlook. As always, the program length is 50 minutes with time at the end for questions from the attendees.

Please find below a link to register for the next CAPTRUST Quarterly webinar on June 11th, 2025 - at 2 pm EST which will include a recap of the markets in Q1 2025, as well as commentary on what factors will impact investing in the remaining quarters.
